About The Industry

The sudden rise in infrastructure projects and foreign investments in aeronautics and automobile sectors have boosted the demand for Industrial tools, equipment and technology within a cross-section of industries. While the global Hand Tools Industry was valued at a whopping US\$24.6 Billion in 2022, expected to cross the US\$30 Billion mark in the next 5 years; the demand for Machine tools reached a new high last year with total business of US\$ 87.94 Billion in 2022 and growing at an impressive CAGR of 5.7%.

Advancements in Laser Technology, Robotics and Industrial Automation have led the cause in the transformation of a number of industries including Metalworking, Machinery and Manufacturing in sectors like Aerospace, Automotives and Infrastructure development. The steady requirement for power tools reached a new high with an incredible market valuation at US\$26.61 Billion. This surge in demand is directly correlated to the promising rise in projects in construction, aerospace and automotive sectors.

Meanwhile, the Government of India Government in its 2023-24 Union Budget announced the capital investment of US\$122 Billion for infrastructure projects, a sharp increase by 33%, thereby joining the Asian infrastructure boom in flying colors. The rising numbers in market valuation clearly underline Government's enthusiasm in such projects. The Power Tools market is booming consistently with close to a Billion Dollar in domestic trade. The very segment shows an impressive CAGR of 8.9% over the next five years, indicating greater investment and increased supply chains.

Such promising numbers have, over the years, created a need for platforms where the latest in technology and innovation could be showcased to the relevant audiences. This is why shows like HTF Expo- Hand Tools, Power Tools and Fasteners Expo, along with collocated events – Cutting and Welding Exhibition, International Machine Tools Expo, Used Machinery and Allied Industries have become industry standard in the Indian and International Exhibition and Trade Show Arena.

About The Exhibition

The 21st edition of HTF Expo, the Hand Tools, Power Tools and Fasteners Expo opened to an overwhelming response from industry and trade visitors at the Bombay Exhibition Centre in Mumbai, India from 1-3 September 2023. Collocated with CWE - Cutting and Welding Expo, IMEX - International Machine Tools Expo, UMEX - Used Machinery Expo and a tech India, leading exhibition on Engineering & Manufacturing, the event this year marked the meteoric yet well deserved rise of Robotics, Industrial Automation and product innovation across the cross section industries.

With over 250 companies and brands exhibiting their finest and groundbreaking product range, the exhibition provided a unique platform for visitors and exhibitors to connect with each other and create mutually-beneficial business relationships.

The concurrent seminar on Latest Technology for Manufacturing & Maintenance Industries featuring eminent speakers from India's leading brands serves as an excellent opportunity for knowledge transfer and a chance for business networking among the delegates and attendees.

With a promise for an even bigger participation and stellar range of products on display, the 22nd edition of HTF and collocated exhibitions will be hosted at Pragati Maidan, New Delhi from 29-31 August 2024.

The Exhibition

Visitor Profile

- Heads of Maintenance
- Factory / Operational Managers
- Purchase / Material Managers
- Exporters & Importers
- Distributors
- Traders & Retailers
- Industry Suppliers
- Maintenance Engineers
- Technical Service Managers
- Safety Engineers
- Production Technicians
- Defence & Space Establishments
- Aeronautical establishments
- MRO Workshops
- Automotive Manufacturers

Exhibitor Testimonials

“Hand Tools & Fasteners Expo is one of those good exhibitions that we participate in, and it has really helped in increasing the business for us.”

Raunak Gupta, Smooth Run Exports

“In CWE 2023, we saw the crowd from the day one itself.”

Sandip Phadke, Superon Technik India Pvt Ltd

“With the help of HTF Expo, we can grow our business and position our brand in the industry to boost our sales.”

Ketan Patel, Dayanand Power Tools

“HTF has always been a good platform for us to meet our dealers, distributors & end customers.”

Sachin Surie, Surie Porex

“CWE is a platform which has enabled the industry to showcase innovation & technology not only to the end users but also for the industry fellows.”

Bilal Rizwan Khand, Yuri Tools Impex Ltd

“Hyve has always provided me with a good customer base so my expectation with Hyve gets higher & higher with each passing year.”

Mayan Taneja, Great Yuva

“All the renowned power tools brands do participate in HTF.”

Hiren Joshi, Sparkle Tools

“We were able to attract new customer base along with regaining old customers at the expo.”

Srikant Ojha, Powertex Tools Co. Pvt Ltd

“The visitor base is fantastic.”

Nilesh, Rajlaxmi Electricals PVT Ltd

“It's too good! Amazing platform to showcase your brand.”

Rinku Aggarwal, Divs Power Tools Pvt Ltd

“It gives us a good pavilion to reach out to the market & interact with market leaders.”

Yuvraj Jaipal, Tinius Olsen

“This platform enables us to interact with industry supplies & leaders and grow your brand.”

Rishab, RTC Enterprises

“This is a very good platform to showcase and exhibit your product.”

Mahendra Jain, Mahendra Tech Tools

“Amazing platform to exhibit new products, innovation.”

Vikas Soni, Velmoc International

“We received a tremendous amount of interaction from the clients. I can feel the footfall is increasing day by day.”

Purav, Nirali Overseas

“It helps us to keep us updated with what's going on with the industry.”

Amit Agarwal, Multitec

“It's a brand building exercise for us benefitting us for long term.”

Madan Manik, Pilot India

“Days have been very hectic for us. We found many new clients.”

Jitender Jain, Delhi Tool House

Exhibitor Testimonials

“Good Place to meet & greet. Meeting new clients & refreshing old business connections. “

Taha Bhopalwala, Ideal Power Tools

“It's very useful & necessary for launching new products & technology.”

Rohit Jain, International Tools Company

“Visitors coming from various parts of the country gave us a good exposure.”

Kanav Gupta, De Neers Tools LLP

“We are thankful to Hyve for giving us the growth year on year. Dealers across the country are well informed of this exhibition.”

Anuj Singhal, BSC Power

“Though we are exhibiting for first time, but we can feel our business will take new heights from here.”

Kuldeep, Ayobi Power Tools

“Visitors came from Pan India thus giving us the opportunity to interact with new clientele base from major cities and develop dealers in Tier II & III cities as well.”

Nachiket Gandhi, Universal Tools Industries

“We are satisfied since we were able to fulfil the objective of developing a trade network.”

Harshad Solanki, Alok Tools

“The experience has been great. We didn't even get time to sit which means we have been interacting with customers all day and we are satisfied.”

Kesha Sanghavi, Eastern Brothers

“Response has been really good rather something more than what we expected.”

Pankaj Sinha, Mecheline Technoplast

“The exhibition helped us to promote our brand pan India which was really important for us.”

Scott Huang, Home Reen Enterprises Co. Ltd

“Though exhibiting for first time but got really good response. And I would say if you are not participating here, you should!”

Satinder Singh, Paul Tools

“Busy days & lot of customers. So, I would say very good.”

Anton, Jansen Machine Handel

“Better than what we expected. Thank you to the organisers.”

Prakash Garg, Pixel Tools

“We always get good business & leads from here since this exhibition attracts niche & targeted customer base.”

Anoop Garg, Akshaj Tools

“The crowd is big and good, got opportunity to meet dealers & consumers at the exhibition.”

Ashish Gupta, Clif Tools

“It's a show that you should really look forward to. It's a MUST participate giving you a new perspective of the industry.”

Ishika Kaur, Syndicate Machines

The Seminar

Three-day Open Seminar and Business Meets on “Latest Technology for Manufacturing & Maintenance Industries ”

20+ Key industry speakers & thought leaders

10+ sessions focused on the most relevant & ongoing industry challenges

150+ Attending Delegates

The Open Seminar is spread over three days with themes as:

The first day of the Seminar was dedicated on the theme: Latest Advancement in Hand Tools & Power Tools The first day discussed the Latest Trends in Power Tools Technology & Competitive Landscape, Importance of Hand Tools in the age of AI, Motivation to new Entrepreneurs to manage Business of the lead Metal Industry, Safe usage of Non-Sparking Tools, Power Tools Importers Facing Challenges In Selecting Abrasive products from abroad, How Machinery Leasing can grow the Industry and many more.

Day two focused on **Advancements in Cutting and Welding Equipment**. The second day discussed about Advancements in Air Plasma Cutting Technology, Latest Trends & Innovations in Cutting Tools, Importance of Laser Technology and Laser for Manufacturing, Innovation in Components & Machine Tools – Current trends and opportunities.

Day three was focused on Dealership Meet & Networking. Some of the Eminent Speakers who participated at the Open Seminar are:

- Himanshu Mamtani, Zonal Manager- Bosch Power Tools,
- Ajay Gurjar, CEO – Yaskawa India,
- Gopal Vaidyanathan, Senior VP- Ambit Software,
- Vinod Kakadi, Head - Industrial and Alternate channel - Stanley Black & Decker India Pvt Ltd,
- Rajesh Joshi, Executive Vice President – Ador Fontech Ltd,
- Deepak Munjal, Marketing Head - LMT Tools,
- Anurag Jain, Proprietor- Noble Abrasive,
- Rajesh Peshion, Director – Osho Tools Pvt. Ltd.,
- Ravindra Ghode, CEO – Star Engineering International,
- Amol Hadke, RSM – Design & Manufacturing - Capricot Technologies Private Limited,
- Neeraj Kumar, Head of Sales- Magadh Hand Tools
- and many more...

Some Brands At The Show

Machinery & Manufacturing Industries Expo

Ultimate marketplace for tools and fasteners

Leading companies to gather in Mumbai for grand business carnival for machinery, manufacturing, and maintenance industries from September 1 to 3

International and national hand tools, power tools and fastener manufacturers, and key personnel

from the industries in special focus, distributors, retailers, exporters, industrial suppliers etc.

The event features wide range of latest products in the related segments from Indian and

international manufacturers and suppliers. The concurrent open seminar and business meets on Latest Technology for Manufacturing & Maintenance Industries will provide the

additional opportunity for technology transfer and face-to-face interactions at the event.

—For editorial queries, contact **Pooja.Madhok@timesgroup.com**

The Global Power Tools Market size was valued at US\$26.61 billion and projected to have a steady growth at a CAGR of 4.3 per cent to reach a whopping US\$36.82 billion by 2025. This surge in demand is directly correlated to the promising rise in projects in construction, aerospace and automotive sectors. Owing to the massive infrastructure development projects in the country, the India power tools market is expected to show a growth rate of 8.9 per cent. Organized by Hyve India with support from World Metal Forum, HTF 2023 is collocated with five other leading exhibitions - Cutting and Welding Expo (CWE), Used Machinery Expo (UMEX), International Machine Tools Expo (IMEX),

Tech India and World of Metal (WOM), showcasing the latest in cutting and welding equipment and laser technology, machine tools, CNC, and allied products.

With such high demand of this range of products, HTF-CWE-2023, India's largest exhibition on hand tools, power tools, fasteners, hardware, cutting, welding, laser technology and precision machinery have become the place to be to check out latest products in the segments. The event is a confluence of the

The event will play host to CEOs, Plant Managers, Material Manager, Maintenance Managers, Factory Managers, Quality Heads, Production Managers, Industry Experts and Distributors associated with Design, Manufacturing, Engineering, Fabricating and Allied Industries.

Cutting-edge products and latest technology were in full display at India's largest exhibitions on Machinery, Manufacturing & Maintenance industries at the Bombay Exhibition centre in Mumbai.

For many years, the surge in demand for such equipment and machinery is directly correlated to the promising rise in projects in construction, aerospace and automotive sectors. Owing to the massive infrastructure development projects in the country, the India Power tools market is expected to show a growth rate of 8.3%. Due to the primary use in cutting, welding and wrenching operations, the market demand for pneumatic and cordless power equipment and fasteners such as Wrenches, Drivers, Drills, Guns, Cutters, Spanners and Angle Grinders has catapulted.

With such high demand of this range of products, HTF-CWE-2023, India's Largest Exhibitions on Hand Tools, Power Tools, Fasteners, Hardware, Cutting, Welding, Laser Technology and Pre-owned Machinery have become the place to be to check out latest, most innovative products in the segments. The event is a confluence of the international & national hand tools, power tools & fastener manufacturers, and key personnel from the industries in special focus, distributors/retailers, exporters, industrial suppliers etc. It is here the future oriented information exchange, discussions, decisions, buying-selling and investments will take place. The event features wide range of latest products in the related segments from Indian and international manufacturers & suppliers.

Organized by Hyve India with support from World Metal Forum, HTF 2023 is collocated with five other leading exhibitions - Cutting and Welding Expo (CWE), Used Machinery Expo (UMEX), International Machine Tools Expo (IMEX), Tech India and World of Metal (WOM), showcasing the latest in Cutting and Welding Equipment & Laser Technology, Machine Tools, CNC, Shotblasting and Measuring and Testing Equipment and Allied products.

The concurrent Open Seminar and Business Meets on "Latest Technology for Manufacturing & Maintenance Industries" will provide the additional
